

## Greetings cards - third set

Set of 4 cards using different abstract(ish) patterns taken from printed cotton fabric. Each card has the pattern design on the front top flap which is curved in shape. The other front flap and the back panel are stripey in colours taken from the pattern of each card.

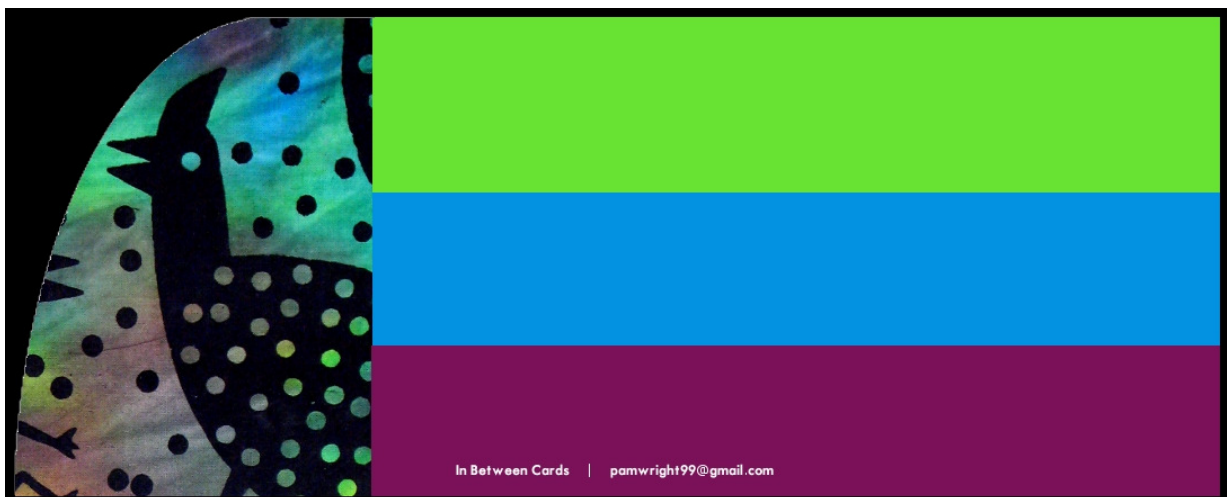

The insides of the cards are white with a simple printed greeting – 2 cards have the greeting printed top left of the centre panel, to leave space for personal greeting underneath. The other 2 cards have the greeting printed in the centre of the card.

They are designed to be shrinkwrapped individually with white envelopes.

*Note that the black on the images below will be cut away.*
